I would like to see more variety in the types of trips and activities offered by the Community Activities Center and Outdoor Recreation. It seems that the only OR trips are ski trips. Would be nice to see hiking, canoeing/kayaking, or other trips.

We need a pool!  
 Also, more info about upcoming events and existing programs would be nice.  
 Fire the general Manager at the Freedom Fitness Facility in Bamberg, George Bermudez. He has no interest in MWR programs, and would rather not have them. He looks at them as an inconvenience.

I enjoy travel. I came to Germany to travel. But trips through MWR are frequently cancelled or there are problems with service and signing up. There are SO many activities available but so few offered! Sailing, horseback riding, trips down the romantic road, the castles, activities in Bamberg including tours (that are offered on weekdays - lots of us WORK on weekdays!). try new trips! to places nearby - Munich, Berlin (offered for \$250??). Wine fests, etc. The person doing the weekly "around Bamberg" happenings is doing an awesome job! thanks!

<b>Overall Comment</b>		

The MWR program schedules are not supportive of the working spouse. Events that are catered to/for children are typically during the week. Events should be equally dispursed through the week and the weekends in effort to offer opprotunities for dual working households to participate.

a bit disenchanted that we do not have an ITT sort of office... when searching for one was bounced around from office to office... when trying to explain what I was looking for and I used the example of "purchasing tickets to Disneyland Paris" was told, very rudely, "you want tickets to Disneyland you get them at the gate"

Not everyone prefers to travel on tours, should be somewhere that we can access activities in the area, for instance factory stores, amusement parks, etc... that aren't found in tour books... perhaps a masterlist with websites to aid in self research would be wonderful to add to the newcomer section on the installation website

I would love it if Warner Barracks had a sit down nice restaurant, something that reminds me of home. We do not have any real good places to have a nice dinner on post.  
Also, we have no good video games anywhere on this post, just a few in the food court, but they are not good. A lot of things on this post could be updated in that way.

As I do not have children, in the future it would be nice to have programs directed towards my needs: A meet and greet for spouses new or not to the post, a dog park would be nice and cheap-a fenced in area for my dog to play without a leash is not too much to ask for!!! My husband has been in the ARMY 20 years. During this time I have felt left out and isolated because I don't have children. Please consider a program for people in my situation, too.

Childcare at the gym (STAAC Site or FCC home) past the end of June 2005 time frame. The 2 hour childcare is a lifesaver to several people and especially with the next deployment to Iraq and/or the post closing. It is key essential to have this service for family members!!! The time spent at the gym helps with stress management for individuals utilizing the service.

I am probably not the best person to take this survey. (I was at the library and it was handed to me.) I am currently a 'hermit' -- I have worked outside the home for more than 20 years and am very much enjoying my time power napping with my dachshunds at home and taking online classes... and just plain watching the sun cross the sky.

MWR is VERY important to the morale of the military family. It is unfortunate that so many people do not listen when told about the opportunities at the In-Processing or, here in Germany, PEP. MWR has fantastic programs for single, couples, and families.

Thank you for your interest in our needs and for all your hard work.

Would like to see the Polish Pottery Shopping Trips return with a longer shopping time and a built in meal time/location and more time in the specific stores. The shopping trips are rush rush once you finally get there, with no time to really shop, and then meals are not figured in making it a miserable experience over all. Going to Poland solo however is not the best option with car theft such a problem. I think the bus trips could be better organized but even if they stay the same, would like the chance to go back to Poland for more pottery.

Would like to see some week day trips that are not returning at 2pm for the school age kids. Not everyone has young kids and it would be nice to have more time to see/shop/or eat a meal...the week day trips again are too hurried and not always well planned out. At the current time, I choose to drive my own car and follow the bus to destinations I am not sure how to get to rather than ride the free bus so I can stay longer if I choose to and have the chance to eat lunch and go to the bathroom, basic human needs.

I'd like to see a swimming pool on post and an organized swim team under the youth sports program.

I'd like to see more health options on the menus at facilities offering food, better portions/presentations and prices that reflect the true value of the meal.

Sure would like a swimming pool. Amazing oversight since you have such a nice gym. Need more support for army lodging. Hotel is terrible and needs to be re-done. I lived here three years before anyone from the base contacted me as a spouse. I am glad I am a self-starter, but there needs to be more outreach for people coming in from another culture. Also, there is no support for traditional American Indian religions here. No American Indian group or organization. Thanks.
